ARTIFICIAL INTELLIGENCE

Submitted by

MANOJ PATIL (1BM21CS104)

in partial fulfilment for the award of the degree of BACHELOR OF ENGINEERING in COMPUTER SCIENCE AND ENGINEERING

B.M.S. COLLEGE OF ENGINEERING (Autonomous Institution under VTU) BENGALURU-560019 Oct 2023-Feb 2024

B. M. S. College of Engineering,Bull Temple Road, Bangalore 560019

(Affiliated To Visvesvaraya Technological University, Belgaum)

Department of Computer Science and Engineering

CERTIFICATE

This is to certify that the Lab work entitled "ARTIFICIAL INTELLIGENCE" carried out by Manoj Patil (1BM21CS104), who is bonafide student of B. M. S. College of Engineering. It is in partial fulfilment for the award of Bachelor of Engineering in Computer Science and Engineering of the Visvesvaraya Technological University, Belgaum during the year 2022-23. The Lab report has been approved as it satisfies the academic requirements in respect of Artificial Intelligence Lab - (22CS5PCAIN) work prescribed for the said degree.

Prof. Sneha S Bagalkot

Assistant Professor Department of CSE BMSCE, Bengaluru Dr. Jyothi S Nayak

Professor and Head Department of CSE BMSCE, Bengaluru

Table of Contents

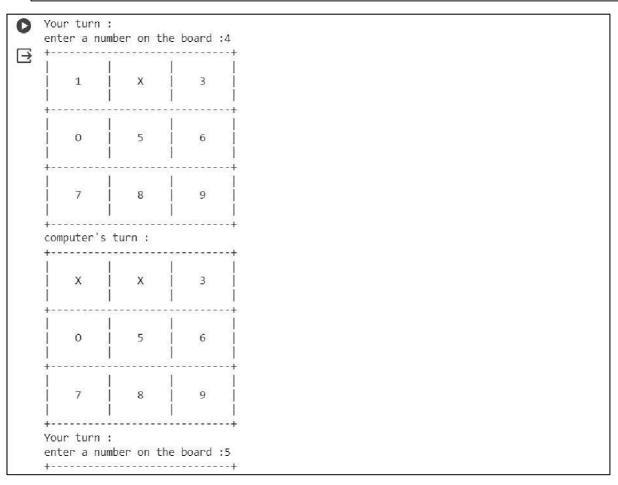

SL No	Name of Experiment	Page No
1	Implement Tic –Tac –Toe Game	1-5
2	Implement 8 puzzle problem	6-8
3	Implement Iterative deepening search algorithm.	9-11
4	Implement A* search algorithm.	12-16
5	Implement vaccum cleaner agent.	17-21
6	Create a knowledge base using prepositional logic and show that the given query entails the knowledge base or not .	22-23
7	Create a knowledge base using prepositional logic and prove the given query using resolution	24-27
8	Implement unification in first order logic	28-32
9	Convert a given first order logic statement into Conjunctive Normal Form (CNF).	33-36
10	Create a knowledge base consisting of first order logic statements and prove the given query using forward reasoning.	37-40

```
